Sly Poisoning (2x)

You can stealthily murder someone by stabbing them precisely with a special Sewing Needle (0009) (item 0009), waiting at least two hours for the substance to settle into their body, and then feeding them a dose of Creamy Blue Liquid (0019). Though neither substance is toxic by itself, they combine to produce a deadly acute poisoning effect. To administer the needle dose, first sneak up on your victim, spending one minute within 1 ZOC of them. Then put a sticker on them, consuming the needle. If you are noticed or interrupted when placing the sticker, the attempt fails; you are caught attempting to stab someone with the needle, but the needle is not consumed. Sly Poisoning (2x)

You can stealthily murder someone by stabbing them precisely with a special Sewing Needle (0009) (item 0009), waiting at least two hours for the substance to settle into their body, and then feeding them a dose of Creamy Blue Liquid (0019). Though neither substance is toxic by itself, they combine to produce a deadly acute poisoning effect. To administer the needle dose, first sneak up on your victim, spending one minute within 1 ZOC of them. Then put a sticker on them, consuming the needle. If you are noticed or interrupted when placing the sticker, the attempt fails; you are caught attempting to stab someone with the needle, but the needle is not consumed. If the attempt succeeds, tell a GM immediately. Do not show the card when using this ability.
